

Model 106 20

The established range of professional water heaters made by Transvend are safe, simple to operate, hygienic, robust and reliable, and can be fitted to a range of vehicles from Fire Engines to messing vehicles and smaller vans

Many of the UK Fire and Rescue Services now use Transvend water heaters in their appliances. Employers have a duty of care and a responsibility under the 1974 Health and Safety Act to their employees. For Firefighters, their fire appliance is deemed to be their place of work and consequently drinks must be provided. Transvend have the solutions to enable compliance and to meet the 'Duty of Care' requirements of this legislation.

24vdc
