

Model 505

The established range of professional water heaters made by Transvend are safe, simple to operate, hygienic, robust and reliable, and can be fitted to a range of vehicles.

The model 505 has been specifically designed for small vehicles where space is a problem. It provides a complete solution for your staff and customer needs. With a generous 6 litre capacity and a choice of 12vdc or 24vdc units the 505 has become a popular product. The model 505 is ideal for command and support vehicles.
